Reference is made to your telex of 06.04.94 and telephone conversation with Miriam.

- I have bought the Extension cable 15m RG223 and sent it to Asmara on the 19.6.94
- After receiving the 15m cable I would like to know if you still need the 25m cable.
- The first four items listed below can only be purchased from ABB because it is their own product.
- The second three items can be bought from various suppliers. I have contacted TBK which is the marketing branch of the Norwegian telecommunication and they have given us a good offer for a demonstration RICHO telex with battery and a charger. This is new but it has been used in the shop for showing customers how it works.

Please send me your comments and inform the payers to send the amount of money that corresponds to the number of items you wish to be bought. Depending on the weight and volume of the package we will have to pay the shipment cost also. If the cable is not included I would guess the total weight will not be more than 22kg. And that would cost about 330 U.S. dollars. Please inform the source of fund to send the payment to the following bank account:-

Medisinsk Teknisk Bistandsgruppe A/S
Account No. 8160.05.41889
Fokus Bank, St. Olavsgt. 7
P.O.Box 209, 4001 Stavanger, Norway
