The Editor
Science in action
BBC
Bush House
London

Dear Sir:

I am writing this letter hoping that you will provide me a copy of the text of the Science in Action program that was aired on Sunday 17th of July.

It was concerning the various sources of energy. I am particularly interested in the Bio-gas. Although I am a regular listener of the BBC, I have missed the Sunday program but was told about it by a friend.

I will appreciate very much if you could send me a copy of the text of your program concerning the bio-gas.

Thank you in advance,

Sincerely Yours,

Emnetu Tesfaye
