Dear Eddie Becker:

I got your name and address from the Newsletter of the Eritrean Studies Association. In the Spring 1992 issue I read that you have indexed documents on the Horn of Africa. I am wondering if you have come across my compilation of clippings for three successive periods on the political, economic, military and famine situation in Eritrea. I am enclosing copy of the cover pages, prefaces and price for each compilation and if you want to include them in your collection please contact me on my address below.

Item No.	Title	Period	Price
1	Pre-offensive predictions and press coverage of the military operations	Nov.1981-Sep.1982	20.00 \$
2	War & Drought in Eritrea	1984 - 1985	25.00 \$
3	Eritrea in the World Press	1986 - 1988	25.00 \$

Please be reminded that 10% of the price be added for shipment cost.
