Dear Frank:

Following our brief discussion concerning the solar panels I hereby formally request the items which are listed in the attached EPHP requisition form. These panels will be used in the districts health centers within the context of the Public Health Programme. I would also like to inform you that the sample panel taken to Eritrea earlier has been found to be appropriate for the Eritrean situation. However, because of the prevailing conditions (air raids) all panels should be non-reflecting.

In addition Could you also enquire about the following items:

- I. WG 910 Windmils No. 1.570 required to 10 units
2. Control Boxes for all the above units.

Hoping to hear from you soon,

Sincerely Yours,

Nerayo T. Michael
