Attention Erik Goa:

Reference is made to our telephone conversation of today.

An organization in Eritrea (the newest country in Africa) which uses an INMARSAT terminal model known as Maritime Communication System MCS-9120 is in need of the below listed parts. On the organizations behalf our consulting company, MTB A/S, is interested to procure and ship these items to Eritrea. I therefore like your company to first confirm the availability of these equipments and consequently make a quotation for each unit. You are also advised to state the delivery time.

1. OKITEX KEYBOARD
2. OKITEX PRINTER
3. OKITEX FAX
4. OKITEX ELECTRONIC UNIT CONNECTOR CABLE

It is essential that the required parts fit to the terminal model mentioned above. I would appreciate very much a quick response.

Best regards,

Emnetu Tesfay
