

John Johannessen
Radio Inspection, NTA
St. Olavs Plass, Oslo

august 12, 1994

Dear John Johannessen:-

Reference is made to our telephone conversation regarding the decommissioning of the Medisinsk Teknisk Bistandsgruppe A/S terminals in Eritrea.

The Eritrean Telecommunication Authorities have established contact with INMARSAT and will be the routing organization for all terminals in Eritrea. The MTB A/S terminals are therefore to be recommissioned in Eritrean identity numbers soon after they are decommissioned by the Norwegian Telecom. Administration. I have now got the information from Eritrea that the terminals can be decommissioned in Norway with immediate effect. Herebelow you will find the list and identity of the terminals in Eritrea under license of the MTB A/S awarded to it by the Norwegian Telecom. Administration.

Item	Terminal	Terminal Identity	Manufacturer	Commiss.No.	Type	No.	Serial No.
		Commiss. date					
1	Saturn T	1310242	Elektrisk Bureau	3786			
		06.07.87					
2	Saturn C	49 242 07 10	“	161			07.02.91
3	Saturn C	49 242 07 20	“	170			07.02.91
4	Saturn C	49 242 11 30	“	327			01.08.91
5	Saturn C	49 242 11 40	“	330			01.08.91
6	Saturn C	49 242 11 50	“	340			01.08.91

Please let me know when you have finished the decommissioning process so that I can pass the message to Asmara. In conclusion I would like on behalf of MTB A/S and myself to express my deep and profound gratitude to the NTA in general and yourself in particular for all the support and cooperation you have demonstrated to us during our great need to use satellite link with the Eritrean field.

Best regards,

Emnetu Tesfay
Director, MTB A/S
